Dear Mr. McLennan

I sincerely hope
you had a pleasant journey back
to Victoria. I was very pleased
to meet you here, but was surprised
at your sudden departure. I
would have been sorry if I had
missed saying goodbyes to you.

I hope some day to have the
pleasure of meeting you again,
& having many chats with you.

I leave for the north in a
few days, & I have told Mr. W—
that I want no person to
know my business, & I know
you quite understand my

feeling in this matter Mr. W. G. Leaman,
and I know you will accept what
I say in the good heart in which
it is written

If you do join the R. A. O. U. members
to Brisbane on Sep 22nd, and you
intend to give my camp a call
then drop me a line a week
before you leave Victoria, as I
may only get my mail once a
week. Then if I know you are
coming I can arrange to meet
you at Kerry, as I will be camped
a long way from the village of Kerry.
I attach my address herewith.

Kindly convey my warmest regards
to my friends D. B. Nicholls &
Mr. Stone & Mr. Kershaw when you
see them, & I shall be very much
obliged. With very best wishes.

Yours very truly

Dear Mr. McLennan

I hope you are quite well, & wish you every success. Suppose you had a word with Christholm on your way up. Mr. H. W. told me he had a well typewritten letter from you. I hope your machine works O.K. Hope you will get me a nice series of land shells - I feel sure you will get me some nice things. When you clean them, just put a pencil data label inside shell stating forest or scrub, date & locality. I am going to the coastal scrubs east of Beetrees some 50 miles & see if anything good is there. I leave here for the scrubs on 25th Sep and am

Asking a young chap with me.
I don't wish any person to know
re same. You can quite understand
why I wish it kept private.
Excuse fearful hurried scribble
as I am so very busy.
With Best Wishes & "Cheerio."

Yours Sincerely

p.s. I packed & posted to
you your Moa Island

Wish & hope you got

Dear Mr. McLeunan

Your letter from
Melbourne is just received & I hope
you & Dr. Brooke Nicholls have every
success in the far north. Please
give him my kindest regards.

I am going hard, & am camped in
scrub 3,100 ft above sea level.

Have made a great find,
"first record for Queensland" - you
will know later, I cannot tell you
yet, so don't think me unkind
please. Snakes numerous.

I had a man with me, but am
sorry he is not an ornithologist
as he would then be a help to me.

Wishing you every luck, & with
kindest regards.

Yours Sincerely
Sid. Wm. Jackson
